PROGRAM CATALOG**

# IMPORTANT LETTER FROM MATT LLOYD

Dear Friend,

I want to personally congratulate you on starting on this entrepreneurship journey. I trust you're enjoying this training event so far. You're attending this event for a reason.

Maybe you're looking for a reliable, second income that would eventually replace your job. Or maybe you just want an independent income free of alarm clocks, office politics, and traffic. An opportunity that would provide you (and your family) with the security you've always wanted. Whatever your reason, I am happy to introduce you to the opportunity you've been waiting for since you first discovered entrepreneurship.

The "online" business model seems perfect, because you can do it in your spare time, you can work from home, and it requires none of the start-up costs of the traditional "brick and mortar" business.

MOBE is one of the most reliable—and fastest growing—companies in the home business niche in the entire world. If you're thinking "MOBE" seems different, you're right. The income and profits you can earn with our online systems are unlike anything out there right now.

Over the past few years, I have built a business model that has paid out over \$24 million in commissions to people just like you and it's showing no signs of slowing down. I created MOBE with the goal of helping and empowering others to become financially free with our programs and systems. I built this business model the old fashioned way...through hard work and sweat. I am offering you a way to leverage this tested and proven model for yourself.

As you know, truly wealthy people do not trade their time for money. Truly wealthy people invest in themselves and start businesses that do the work to produce income for them. This is why we have made it our mission within MOBE to show our partners how to build a business that is not dependent on you trading time for money.

**My objective in this booklet is to give you an overview and practical framework of the numerous components of MOBE and how they will affect your business and your life.**

From this point forward, if you are truly committed to being wealthy, I trust that you really are willing to do whatever it takes to be a powerful entrepreneur and create the lifestyle you've fought so hard for. The keys to success are within your reach if you choose to grab them. All you have to do is "get positioned".

I wish you the best of luck in the interview process, and to those who are accepted into the program, I look forward to welcoming you into the family.

To Your Success,

Matt Lloyd

*I look forward  
to welcoming  
you into the  
family!*

*-Matt*

## THE MOBE OPPORTUNITY

*An Opportunity to Change Your Life Is the Rarest Gift of All...*

For most people, the daily grind is all-consuming. It defines their lives and fits them with blinders that prevent them from seeing beyond the next obligation on their list of endless commitments. In those rare moments when opportunities do present themselves, most people fail to recognize them, mistaking them for distractions and just filing them away to revisit at some point in the future. But that time never comes.

On the other hand, we have those rare moments of clarity that urge us to act on that golden opportunity at hand — but unfortunately, we don't. We can't, because the daily grind has conditioned us to forego bold decision making, making us fearful of what lies ahead...so we just settle for mediocrity. The safe play. The easy choice. Sound familiar?

The truth is that, if we want our lives to be radically different than the life we've always known, we must be willing to take radical action. And sometimes that can be as simple as recognizing your moment and choosing the path that strays from the daily grind. The path that inspires and excites you. The path to freedom, wealth and passion — for yourself and the people you love.

This is one of those moments. As you will soon see, MOBE shines a light on the smoothest path to becoming a successful entrepreneur that you will ever encounter. Choosing to walk this path and diverge from the trappings of your old life will ensure that your online business creates the wealth and freedom you crave for yourself and your loved ones.

At MOBE, we are offering you top-notch training and education, with the added bonus of being able to earn huge commissions by promoting high-level education products to people all over the world. Just imagine — learning financial knowledge and providing others with the same life changing opportunity!

## WHAT MAKES MOBE DIFFERENT?

*Selling High-Ticket Items Is The Fastest Way To Wealth*

**D**o you have any idea why the \$2,500+ programs I've created have made about 75% of MOBE's sales? It all comes down to simple math:

### **Big Prices = Big Profits**

Almost everyone who makes millions (not counting CEOs with thousands of employees) has gotten to that place by selling high-ticket items on the back-end. We want to provide the opportunity for you to do the same, and show you how you can regularly earn commissions ranging from \$1,250 to \$10,000 — deposited directly into your bank account like clockwork.

With our MOBE Diamond, Platinum and Titanium programs, you're promoting (but not selling) very valuable, high-priced programs that will put thousands of dollars in your pocket with *every single sale*. We've waited to put this program together for a very long time, because we had to be sure to get it right.

You see, I started off doing something very similar back in my college days. One summer, I joined a high-end direct sales program where I invested nearly \$40,000 to join. I completely wiped out my life savings and spent the next 6 months fighting tooth and nail to get it back. I finally made my money back and started to earn the cash I expected by using their system. Today, I'm doing very well for myself and my company is projected to earn \$50,000,000 over the next year.

But the question that always stayed on my mind was, "Why was it so hard to succeed the first time?" I thought about it and realized that most high-end direct sales programs place the entire burden on the you — and that is not how I choose to do business.

I decided that, when I created my own program, there would be certain unbreakable rules in place. Rules that make MOBE different than any other program out there:

- My in-house sales team would close the deals for you

*(so you never have to sell on the phone or in person)*

- You would get paid quickly
- You would have our unlimited support and training to make absolutely certain you succeed

Typically, in this type of business, you have to complete the entire sales process yourself — including finding the leads, emailing the leads, getting them on the phone several times, collecting payment information, and then — finally, you would get paid if nothing went wrong. Now that is way too much pressure for anyone to handle, especially newcomers.

Statistically, it's less than 1% that can make any money with network marketing or any direct sales organization. The reason for this is that those businesses require you to have strong one-on-one sales ability. I fully acknowledge that it does take an enormous amount of sales ability to promote high-end products, and that's why I only hire the top salespeople in the world and pay them top dollar. One of my salespeople this year sold \$4,000,000 worth of products completely over the phone. If he gets on the phone with a lead from you, you can bet you'll be making money this week. So, we do things a little differently. All you have to do is:

**Send Leads To Our Web Page...That's It!  
(and we'll teach you how to do this)**

When people sign up for a membership through you, they enter into our funnel and receive a phone call from our sales team. From there, they are presented with the MOBE Diamond, Platinum, Titanium and Licensee Programs. This funnel has been tested and refined countless times for its effectiveness to maximize your chances of making money with each lead you send.

There's no better system in the industry that will help to guide your journey towards becoming a successful entrepreneur, and no faster way to earn high-ticket commissions paid directly into your bank account. Period.

## WHO SHOULD JOIN MOBE?

Here at MOBE, we're creating something unique for ALL aspiring business owners. We think of ourselves as an entrepreneurial community, a family, unlike any other.

As part of our community, members are afforded the opportunity to develop skills in entrepreneurship; a place to learn and be inspired by world-class mentors and influencers. In our community, MOBE members support each other in a MASSIVE way by sharing our best business practices, helping each other to grow our businesses and improve other areas of our lives as well.

Many would love to join our community — and we'd love to welcome all of them into our family. But the simple truth is that MOBE isn't for everyone. That's why we conduct a formal application and interview process to make sure we're a good fit for each other, and that you have the right characteristics we're looking for in each of our members.

*Here are the characteristics we feel best qualify you as the right candidate to be a MOBE Partner:*

- **Motivated** - You have to be hungry to succeed. You have to possess the desire and motivation to move the needle in your life. We're excited to work with and train those who have this attitude, and are open minded and driven to succeed. Through our programs, we will provide the knowledge and tools that will greatly impact your life and business, helping you to achieve your vision for a richer, more rewarding life.
- **Coachable** - Being coachable is essential to your success in our program. Therefore, we're looking for individuals who are both coachable and able to follow a proven system for success. Those who are committed to their personal and business development, as well as open to feedback and critique intended to enhance their performance.
- **Accountable** – The most important quality we look for is accountability. We love to work with those who take responsibility for their actions. We can guide you to the water, but only you can make yourself drink. For us to help you achieve great success, you must give us 100%. Always.

If you can't give your all to grow your own business, then this program may not be a fit. However, if you're ready to do the work and commit the time required to achieve your goals, we're ready to commit to you and teach you the best of what we know. We're ready to commit to you and teach you the best of what we know.

- **Financially Capable** - We're looking for the right people who understand the value of topnotch education and view it as a worthwhile investment, not an expense. We're looking to work with those who are willing to invest in themselves and won't let finances be a barrier to their success.

- **Committed** - This program requires discipline and commitment. We need to know that you're the kind of person who sticks to something once they make a commitment. Your success in our program is directly proportional to what you put into it. Inconsistency will hurt your business.

If you possess these specific characteristics, an invitation to join our community will be extended to you. This program isn't for everyone, nor is it meant to be. This may not be the right time in your life for a program like this. You may not be ready to be an entrepreneur, follow a proven plan and system or do what it takes to be successful in any business.

If you're ok with being average, then this opportunity simply isn't for you. Successful people have unique characteristics and traits that yield success; they take MASSIVE consistent action. This is vital, but unfortunately not everyone has these qualities, which is why we conduct an interview to find the right people whom we think have the right attitude, are motivated, are open-minded, are coachable, are ready to make a commitment and take decisive action to succeed. We have to make sure we're a right fit for each other.

If you're the type of person who has these qualities, who has the desire and determination to achieve more in life and business with the proper guidance, direction and proven systems, then we'd like to have a discussion with you.

Before this event is over, you could possibly have access to our entire suite of trainings, programs, tools, resources, support and coaching that will enable you to finally build a profit generating business and achieve the lifestyle you've always dreamed of in the shortest time possible.

MASTERMIND  
RETREATS**

## DIAMOND MASTERMIND RETREAT

*Going To Live Events Will Catapult Your Success  
Faster Than Anything Else You Can Do*

### BY INVITATION ONLY

*Let Us Build a Million Dollar Sales Funnel For You!*

Our Diamond Masterminds are held at some of the most exclusive luxury resorts in the world. You will experience 10 days and 11 nights of extreme luxury while participating in outdoor activities and adventures that you'll remember for the rest of your life. You'll even engage in fun activities such as cave diving and driving super cars.

We've pulled quite a few strings to have access to these beautiful five-star resort locations, so you can soak in the abundance and lavishness usually reserved for the super-wealthy.

You'll also join the ranks of the "inner circle" of MOBE (the Top 1%). During this exclusive mastermind, you'll make amazing connections and get "insider" information that can catapult your business to the next level overnight. Because

this event is a full 10 days and 11 nights, this gives us enough time to fulfill the core promise of Diamond.

At this action-packed event, we will build a million dollar sales funnel for you while you're there, in person – and we'll even launch it before you leave! What better way to “get things done” than to launch your new funnel at the mastermind. You will walk away with a “Done For You” sales funnel that could generate \$1 million (or more) in sales.

On Day 1, we will start by showing you exactly what a Million Dollar Sales Funnel looks like from beginning to end. We will work on your customer “avatar” and lay out the basic structure for **YOUR funnel** right then and there.

Next, we'll focus on creating your **core offer**. This is the main offer (or product) you will be selling. At MOBE, we know exactly what components go into a winning offer and we'll make sure that yours is virtually guaranteed to sell. Together over the next few days, we'll also create your high-ticket back end offer for huge profits.

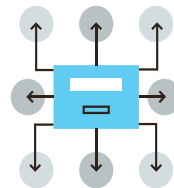

Now you can't have sales without traffic, but figuring out how to generate traffic can be challenging. On Day 9, we will build your **traffic plan** for you. We'll reveal what is working best for MOBE right now and show you what traffic sources bring in the best leads. At the end of this mastermind, you'll have a solid product, funnel and marketing plan. You'll be ready to “flip the switch”, launch your new sales funnel and start bringing in a flood of quality traffic to your product.

In 10 days, you will have the mindset and all the tools and systems needed to take your business into the stratosphere. You will accomplish something that over 99% of people in this industry never do – promoting your own well-engineered sales funnel.

## TRAFFIC SUMMIT

At the Traffic Mastery Summit, we'll be revealing traffic secrets that could easily double the amount of new leads you bring in each month. You will learn how to triple, or even QUADRUPLE your current traffic volume.

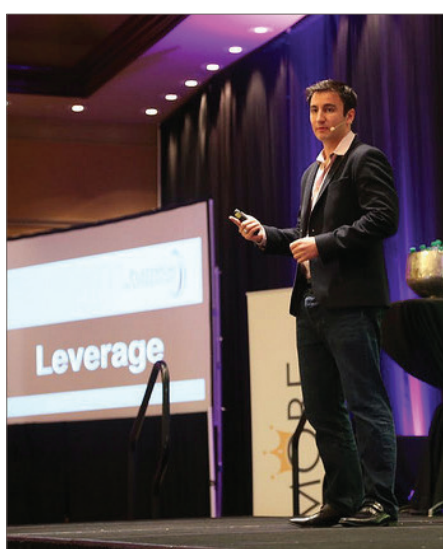

At this special event, we will expand on the concepts of on-line, offline, and advanced traffic sources, and explore each topic in greater depth. We've put together a lineup of real, in-the-trenches "traffic experts" that don't just talk about traffic... they GENERATE traffic every single day.

## CONVERSION SUMMIT

You'll be learning the framework for a high-converting sales funnel, and for some of you that may be all you need to increase your conversions by 10-fold (or more). But if you want to see the frame, the engine, and all the "parts of the car" put together in front of you, we've created the Conversion Summit.

At this special event, we'll break down everything about "increasing conversions" into even greater detail, with case studies, step-by-step training, and "workshop style" learning.

## LEVERAGE SUMMIT

At the Leverage Summit, we will go into greater depth on how to outsource and leverage systems and people to grow your business. We'll show you how to create a 7-figure online business with ZERO full-time employees (it's possible.)

You will learn how to work with virtual assistants, build a virtual team, and get everything from website design, and fulfillment and accounting "done-for-you" for at a reasonable price. You will also learn why NOT out-sourcing will actually cost you more money in the long run, than doing everything yourself (this is a major mental roadblock that you need to overcome.)

## REAL ESTATE INVESTING SUMMIT

REAL ESTATE INVESTING  
SUMMIT

Real estate has created more millionaires in the U.S. than any other industry in history, and most wealthy individuals invest in real estate in some way. It's one of the best ways to create passive cash flow and grow your net worth.

In today's real estate market, there are tremendous opportunities for the individuals like yourself looking to accomplish your financial goals.

At this special event, you will learn some of the best-kept secrets of the ultra-wealthy. If you're ready to stop living paycheck to paycheck, change your mindset and start implementing some of the closely guarded strategies and principles from our real estate experts, then you don't want to miss this Summit. It is time that you got up and took command of your life.

## PRECIOUS METALS SUMMIT

PRECIOUS METALS INVESTING  
SUMMIT

Dozens of books have been written about gold, silver, and other precious metals in the last 25 years. Why? Because precious metals are tangible commodities that keep their intrinsic value and help balance your portfolio.

At this special event, you'll learn how to invest in precious metals, including less obvious metals like platinum and palladium.

## STOCK MARKET SUMMIT

Investing in the stock market is a massive topic, but we've put together a group of experts who will break it down in way that anyone can understand. At this special event, you'll learn how the stock market of the 21st century has changed, how you should approach your portfolio from a "big picture" view and also how to analyze specific stocks and companies.

## ASSET PROTECTION SUMMIT

The easiest way to increase your net worth is by paying less in taxes. In most cases you can get a CPA to put these strategies in place for you, which means you suddenly KEPT a lot of more of your money without any extra work. The catch is... you have to know which tax savings strategies to use.

At this special event, you'll learn about common and little-known tax savings strategies and how to take ad-vantage of them to keep an extra 15% to 35% of your money (or more!)

## MOBE MOTORS

*You Can Have the Vehicle Of Your Dreams... Without Having To Pay For It!*

**W**e want our MOBE Affiliate Partners to earn more money for your traffic than any other affiliate program can offer. We also want to provide rewards for our best affiliates too, like allowing them to enjoy their dream vehicle, while MOBE covers the payments! Just imagine pulling into your driveway with your brand new MOBE Motors' Vehicle. It's closer than you think!

As a member, every time you earn a commission, you'll also be contributing towards earning "MOBE Motors Points." These points can be traded in for cash to be used towards the lease of your brand new vehicle. In other words, MOBE will cover the costs for you - and you get to enjoy it. With

just 5 points per month, our MOBE Affiliate Partners can drive away in a brand new car of their choosing.

MOBE will pay the lease each month, and all you'll need to do is maintain your monthly volume of sales! And remember, we're doing most of the work for you anyway.

Once you have earned enough commissions to qualify for your vehicle, you'll then get an email from MOBE with the subject line: *"Congrats, you now qualify for your MOBE Motors' Vehicle."* You'll then go to your local dealership for whatever vehicle you desire, and choose the model you want. Then turn to the dealer, and say "I'll take that one!"

Now as you know, not all cars and vehicles are created equal... some are \$30,000 priced models. Others are \$300,000 priced models. So MOBE has created several levels of monthly lease payments, which you can choose from. Partners who bring in consistent sales have the option of choosing the lease level that works best for them.

So it's time to stop dreaming about that vehicle you've always wanted, and make plans to get it. Become a MOBE Affiliate Partner today, let us make sales for YOU, earn enough points, and let MOBE pay for the car of your dreams.

## DIAMOND MEMBERSHIP

**D**iamond Membership is limited to a small intimate “inner circle” group. As a Diamond member, you get the chance to rub shoulders with the top 1% income earners in MOBE.

To keep the Diamond Membership intimate and limited, it is invite only! You’ll have to be invited by an existing Diamond Mastermind member or one of our Top Tier Coaches to even be considered.

Why is Diamond so exclusive? Because it’s of paramount importance that we get the RIGHT people in the Diamond membership.

The last thing we want are the wrong people joining. Limiting Diamond to the “inner circle” allows us to share, implement and use our best “tricks” while building your sales funnel, and reveal things that we cannot share in other settings.

Diamond is all about IMPLEMENTATION! As a Diamond Member, you’ll be invited to an all expense paid mastermind for 10 days where our expert team will work with you to create and build a million dollar sales funnel. We will put together your main offer, create your high-ticket backend offer, prepare the marketing plan and traffic strategy and launch your new product and funnel.

As we mentioned earlier in this booklet, we will model your funnel after proven MOBE sales funnels that we’ve perfected over the years with consistent testing and tweaking. This one single funnel could bring in MILLIONS of dollars for your business!

As you know, we're looking for like-minded individuals who possess the same qualities as our other members. If you are invited aboard, you will be joining an em-powered group of people. ...then MOBE is the opportunity you've been looking for.  
Now the only question is...are you going to be one of our next success stories?

I'd like to personally invite you to join the MOBE family and look forward to being a part of your amazing entrepreneurship journey. I can't wait to meet you very soon at one of our Mastermind Retreats or even in the online members area, but first we have to see if we're a good fit for each other.

During your strategy session and interview, you will work with one of our consultants to develop a master plan, set the goals you'd like to accomplish and define the steps you need to get there with our strategies to achieve extraordinary results.

This is a big step for you and I'm truly excited about the journey and adventure you're about to embark on. However, if you have a spouse or business partner, I highly recommend that you invite them to the strategy session and interview as well. It's important you both do this together. During this session, you'll understand each other's strengths and how you both will support each other moving forward.

Just a quick tip: before you start your interview, go in with confidence. Show us that you're the type of person we're looking for and that you're ready and committed to do whatever it takes to achieve success with this opportunity.

Stop wondering how to get your business off the ground or take it to the next level or how to setup your business to grow on its own. Team up with us, let us help and support you through our many "Done For You" services, so you can start achieving today!
